[‡]Laboratório Nacional de Engenharia Civil (LNEC)
Av. do Brasil, 101, 1700-066 Lisboa, Portugal
e-mail: 3rd.author@lnec.pt, webpage: <http://www.lnec.pt>

ABSTRACT

Authors interested in submitting a contribution to CoRASS 2023 are requested to submit online using the Congress platform, or by e-mail, not later than 31st March 2023. Abstracts should briefly outline the main features, results and conclusions, and indicate the most relevant references. All the papers will be reviewed by the Scientific Committee of CoRASS 2023, prior to final publication.

The Abstract should be written in English, using a Times New Roman 11pt font, and following the format of the actual instructions. It must be translated to Portable Document Format (PDF) before submission, so please send the abstract and registration form to the e-mail: corass@dec.uc.pt.

The Abstract must contain the full name and full address of author(s). In case of joint authorships, the name of the author who will actually present the paper at the CoRASS 2023 should be indicated with an asterisk (*) on the list of authors. Papers can only be accepted on the understanding that they will be presented at the Conference, and after payment of the Conference Fee.

For any further request, please contact the CoRASS 2023 Secretariat:

Departamento de Engenharia Civil
Rua Luís Reis Santos - Pólo II da Universidade
3030-788 Coimbra, Portugal
E-mail: corass@dec.uc.pt
Tel: (+351) 239 797 237
Fax: (+351) 239 797 255
